Summary

Motivated MERN Stack Developer with a solid background in MongoDB, Express.js, React.js, and Node.js. I am passionate about tackling new challenges, working with teams, and creating user-friendly web applications. Dedicated to continuous learning and professional growth in a dynamic environment.

Experience

MERN Stack Developer Intern July 2025 – Jan 2026

- Developed and deployed full-stack web applications using MongoDB, Express.js, React, and Node.js.
- Built responsive UI components with React, HTML, CSS, and Bootstrap
- Collaborated in integrating APIs and managing cloud databases.

Projects

Travel Blog Website github.com/alfred680/travel

- Implemented parallax scrolling effects using JavaScript
- Technologies Used: HTML, CSS, JavaScript, Bootstrap

Sellermedia Web Application github.com/alfred680/seller

- Built a responsive React frontend with reusable components, state management using hooks, and optimized performance through Vite.
- Integrated REST APIs via JSON-Server to create, read, update, and display data dynamically.
- Technologies Used: React, JavaScript, JSON-Server, REST API, CSS, HTML

Blog-Media — Full Stack Application github.com/alfred680/blog-media

- Developed a full-stack MERN blog application using React (Vite), Node.js, Express.js, and MongoDB with a clear frontend-backend architecture.
- Implemented JWT-based authentication and role-based authorization, including premium user access control after successful payment.
- Built full CRUD functionality for blog management and implemented integrated comment and chat systems, along with a content reporting feature to manage inappropriate posts.
- Designed and consumed RESTful APIs using a modular backend structure with routes, controllers, and middleware.
- Technologies Used: React.js (Vite), JavaScript, HTML, CSS, Tailwind CSS, Node.js, Express.js, MongoDB, JWT (JSON Web Token), RESTful APIs,

Education

B.Voc Software Development Sept 2022 – May 2025

St. Albert's College, Kochi, Ernakulam

Skills

Languages: JavaScript , HTML, CSS

Frameworks / Libraries: React.js, Bootstrap, Tailwind CSS, Node.js, Express.js

Tools & Technologies: GitHub, REST APIs, JWT Authentication

Database: MongoDB
